Experienced Sales Team

✓ Pre-sales team:
5 machine designers
5 wire and cable engineers
(over 15-year experience)

✓ Sales team:
10 people specializing in wire
and cable engineering field (8-
10 years experience)

✓ After-sales team:
10 electrical engineers
8 mechanical engineers
5 software engineers
(over 10-year experience)

✓ Production self-inspection
team
10 people (over 15-year
experience)

Professional technical team

Equipment senior engineer

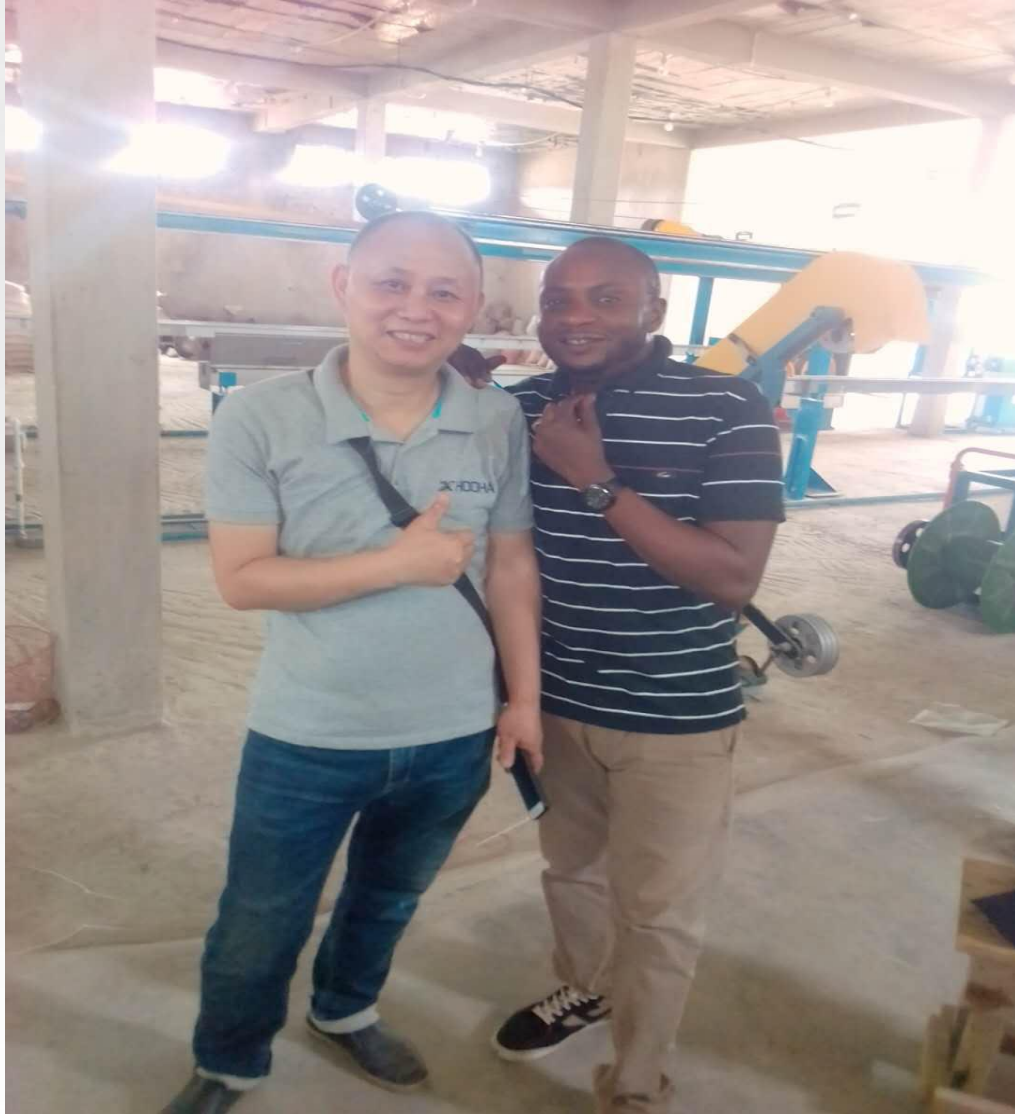

Mr.Ou: 30-year experience

Wire drawing machine senior engineer

Mr. Luo: 35-year experience

Wire and cable electricity engineer

Mr.Gong 20-year experience

Wire and cable senior engineer

Mr.Qiu: 20-year experience

After-sales service

factory disadvantage

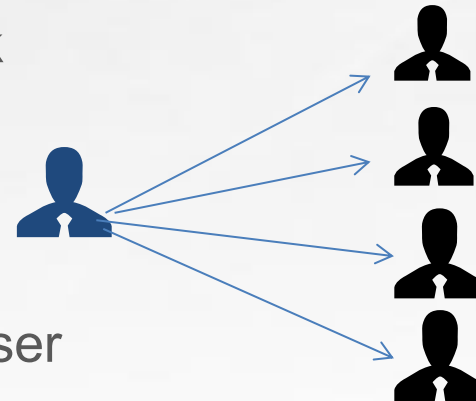

A Foreign salesmen have great mobility.

B Do a single product, difficult to get through the whole industrial chain

C Long time of feedback

D “one to many”

E Lack of continuous merchandiser

What HOOHA Can Do For You ?

Package industrial chain service

Consulting, sales, after-sales,
installation, operation and training

Professional

Several over 10-year experienced
project engineers

Hooha Team For You

Translation

Precise translation in cable
equipment operation manual

8-10 years focus on wire and cable
field

After-sales service

Each spare part of the machine is
documented, and there is spare
parts list for vulnerable parts. After
many years, our company can
supply the corresponding spare
parts.

**Grow with customers and partners
for decades**

Thank you for your patience!

HOOHA TEAM, BUILD YOUR DREAM
