

# Geng He Tools

to be the most reliable supplier

# GENGHE.

## *Tools with a heritage of quality!*

**Geng He**™ industrial manufactures Non-sparking tools, Stainless steel tools, Titanium tools, special tools and so on quality steel hand tools, trusted by customers ranging from domestic and overseas. For 40 years, we've created safety tools that increase productivity, day in, day out, delivering repeatable quality results.

At Geng He industrial, we build our R&D center to handle maximum capacities with ease, the products of our company from the technical strength to the brand effect has reached the industry advanced level. All our products have passed ISO9001, ISO14001, OHSAS18001 and UKAS Certificate, and all of which are produced in strict accordance with State Standard and have met with various technical norms through irregular random sampling inspection by the State Hardware Inspection Departments.

*Geng he tool's facility in*

*Zhengzhou ,China*

### **What sets GengHe Industrial apart from other brands?**

#### ☆ **Initiative spirit**

Our R&D team won the national standards GB/T23163-2008 and GB24459-2009 which means that the products of our company from the technical strength to the brand effect has reached the industry advanced level.

#### ☆ **Quality parts and materials**

We use only the best materials, like Bao Gang ®and Shou Gang® Group inverters, to produce tools that you can depend on.

#### ☆ **Knowledgeable service team**

Geng He support representatives all have years of hands-on experience working with our products—figuring out solutions for applications like yours. When you call us, you'll talk to real technical specialists, not sales reps reading answers from a script!

**Safety is not a slogan, believe us must be your the most reliable supplier.**

## Flare nut open ring Wrench

- Material: Albronze/beryllium alloy
- Technique: Casting/forging
- Face treatment: Electrostatic spraying
- Certificate: ISO9001/UKAS

GH11026

- ✓ Packing: Strong carton + Wooden pallet or according to customers requirements.
- ✓ Development Mode: The Customer acknowledges drawings
- ✓ Advantage: Dimension inspection, Tension inspection, Surface inspection, Chemical inspection and etc.
- ✓ Customize: ODM/OEM
