MeNoAge and MUAR Cosmetics: Natural Beauty

Business Space LLC presents the unique cosmetic lines MeNoAge and MUAR. Our products combine natural ingredients and innovative formulas to achieve visible results.

The MeNoAge line is designed to fight the signs of aging and restore youthful skin. The formulas are enriched with plant extracts, peptides, and vitamins that stimulate the production of collagen and elastin.

MUAR is a professional hair care line created in collaboration with leading stylists. The products are based on a complex of minerals, amino acids, and natural oils that restore hair structure and give it a healthy shine.

All our products undergo strict quality control and are not tested on animals. We are proud to create cosmetics that not only transform appearance but also care for the health of our customers and the environment.

MeNoAge Line: Unique Formulas

Our innovative skincare line is developed using exceptional ingredients that provide visible rejuvenating effects.

<p>Artisanal Raspberry Oil</p> <p>A unique ingredient from the ecologically clean Kaluga region. It nourishes the skin with vitamins and antioxidants, stimulates cell renewal, and improves microcirculation.</p>	<p>Fullerene</p> <p>A powerful antioxidant that promotes skin rejuvenation and protection. Fullerene molecules neutralize free radicals and slow down the aging process at the cellular level. Clinical studies have proven its effectiveness against deep wrinkles.</p>	<p>100% Natural Composition</p> <p>VEGAN formulas with a proven cumulative effect. The products are free of parabens, silicones, mineral oils, and artificial dyes. Certified by international environmental organizations.</p>
<p>Designer Packaging</p> <p>Glass bottles with a soft-touch coating, resembling natural stones. The elegant minimalist design was developed by a renowned European design agency. The packaging is fully recyclable and eco-friendly.</p>	<p>Patented Delivery Technology</p> <p>The microencapsulation system for active ingredients ensures gradual release and penetration into the deep layers of the epidermis. This guarantees prolonged action and maximum product effectiveness.</p>	<p>Clinically Proven Results</p> <p>Independent laboratory studies have shown a 37% reduction in visible signs of aging after 28 days of regular use. 94% of test participants reported a noticeable improvement in skin condition.</p>

The MeNoAge line is the result of years of research and collaboration with leading cosmetologists, dermatologists, and biotechnologists. Each product undergoes more than 50 quality and safety tests before being released to the market.

Key MeNoAge Products

Cleansing Cleansing gel with fullerene and hyaluronic acid toner.	Intensive Care Serum with adipophilin and raspberry seed oil serum.	Nourishment Rich face cream with prebiotic and handcrafted raspberry seed oil
Special Care Eye cream with peptides and face masks.		

Innovative Ingredients

1	Adipophilin Safe alternative to lipofilling
2	Fullerene C60 Powerful antioxidant and regenerator
3	Raspberry Seed Oil Natural source of vitamins and carotenoids

Our formulas contain advanced ingredients that deliver visible results. Adipophilin activates the keratinocyte growth factor. Fullerene protects against UV rays and evens out skin tone. Raspberry oil has high penetrating power.

MUAR Line: Professional Hair Care

Our professional MUAR product line is developed using innovative technologies and highly effective ingredients to address various hair problems.

Restoration

Sulfate-free shampoo with proteins and a keratin mask for intensive restoration of damaged hair. The complex of active ingredients restores the hair structure from within, seals the cuticle, and prevents brittleness. Visible results after the first use.

Color Protection

Special formulas to preserve color vibrancy and protect colored hair. Contains UV filters and antioxidants that prevent pigment washout. Gives hair a silky, glossy finish without weighing it down. Suitable for daily use.

Blonde Care

TOTAL BLOND shampoo and mask with an anti-yellow effect to neutralize brassiness. Enriched with purple pigments and argan oil for intensive nourishment. Maintains cool blonde tones and prevents the appearance of unwanted yellow undertones.

Active Growth

Activator serum with fullerene to stimulate hair growth and restore the scalp. Enriched with peptides and B-group vitamins that strengthen hair follicles and accelerate the growth of healthy hair. Clinically proven effectiveness with regular use.

All MUAR products are manufactured on modern equipment in compliance with quality and safety standards. They do not contain parabens, silicones, or artificial dyes.

Advantages of MUAR

MUAR professional cosmetics are created taking into account the needs of different hair types and offer exceptional benefits:

High Concentration

Active ingredients in maximum concentration for visible results after the first use. Formulas contain up to 95% active ingredients, which is 3-4 times higher than in regular products.

Salon Effect

Professional results at home without visiting a salon. The technologies used in the products are developed by leading trichologists and cosmetologists with over 15 years of experience.

Natural Ingredients

Oils and extracts for nourishing and restoring the hair structure at the cellular level. All ingredients undergo strict quality control and have environmental safety certificates.

Hair Protection

Thermal protection up to 220°C and UV protection prevent damage to the hair structure. Special polymers create an invisible shield that preserves color and shine even with frequent styling use.

All MUAR products are developed and tested in collaboration with leading beauty salons to ensure maximum efficiency and safety with regular use.
